What You Get

In addition to the HELPtech database, NER also provides:

- online and telephone operator searches of databases
- teams of investigators
- national training programs for officers, investigators, and owners
- theft deterrent stickers for registered equipment

Other Benefits

- When a theft is detected, a full loss report will be added to the NER database, ensuring the speed and accuracy of the loss report
- NER can identify the *true* owner of registered equipment if found in suspicious circumstances—even before the theft has been discovered.
- Thieves are deterred when equipment has been marked with NER decals
- Owners can record component and owner-applied numbers on the HELPtech database, which gives law enforcement an added identification tool and helps prove ownership
- Theft deterrence and the increased chance of recovery improves loss experience and controls the cost of risk

Wausau Signature Agency
unlike any other insurance agency you've worked with

Wausau Signature Agency is a risk management and employee benefit service organization committed to understanding the business insurance needs of our clients.

As one of the top 15 privately held P&C agencies in the United States, we provide sales, risk management solutions, and administrative services through a wide range of insurance carriers and their financial products to thousands of clients.

Register your insured equipment and receive a 20% WSA client discount!

Lifetime Registration

To register a piece of equipment on the HELPtech® database for as long as you own the unit, costs only $32. Two warning decals are provided with each registration.

Annual Fee Option

For owners with a larger fleet, this option may be more cost effective. Annual fee customers also benefit from secure, online access to the HELPtech® database which allows you to add or delete machines as they are bought or sold. The fee only applies to the total number of items registered, not how many are added or removed in any given year.

MAXIMUM # OF ITEMS	ANNUAL FEE ($)	WSA CLIENT FEE ($)
5	75	60
10	100	80
20	180	144
50	400	320
100	700	560

Some insurance companies even offer *up to a $10,000 deductible waiver* for stolen NER-registered equipment.

Every year, millions of dollars worth of heavy equipment is stolen. Unfortunately, most of this equipment is never recovered. Help combat this problem and lower your cost of risk—register your equipment through HELPtech, a database of equipment ownership and theft reports from the National Equipment Register.

HELPtech services increase the recovery rate of stolen equipment and reduce the costs associated with theft. The system allows law enforcement to identify the true owner of a registered vehicle anytime, day or night.

How to Register

Online: go to *www.StopEquipmentTheft.com*.

Electronic Upload: email a spreadsheet of equipment details to *info@NERusa.com*. A spreadsheet template can be found at *www.StopEquipmentTheft.com*.

You can also fax or mail your registration. Call 866-663-7872 for more information.

Make sure to have basic vehicle information handy including serial numbers. Payment can be made by credit card or check.

To receive the discount, use **WSA Code: WSA33**.

IT WORKS!
MORE THAN $20 MILLION IN STOLEN EQUIPMENT HAS ALREADY BEEN RECOVERED!
